Our Understanding of UAE market – The Business Hub to the World

Dubai's has gained a position as global gateway for trade:-

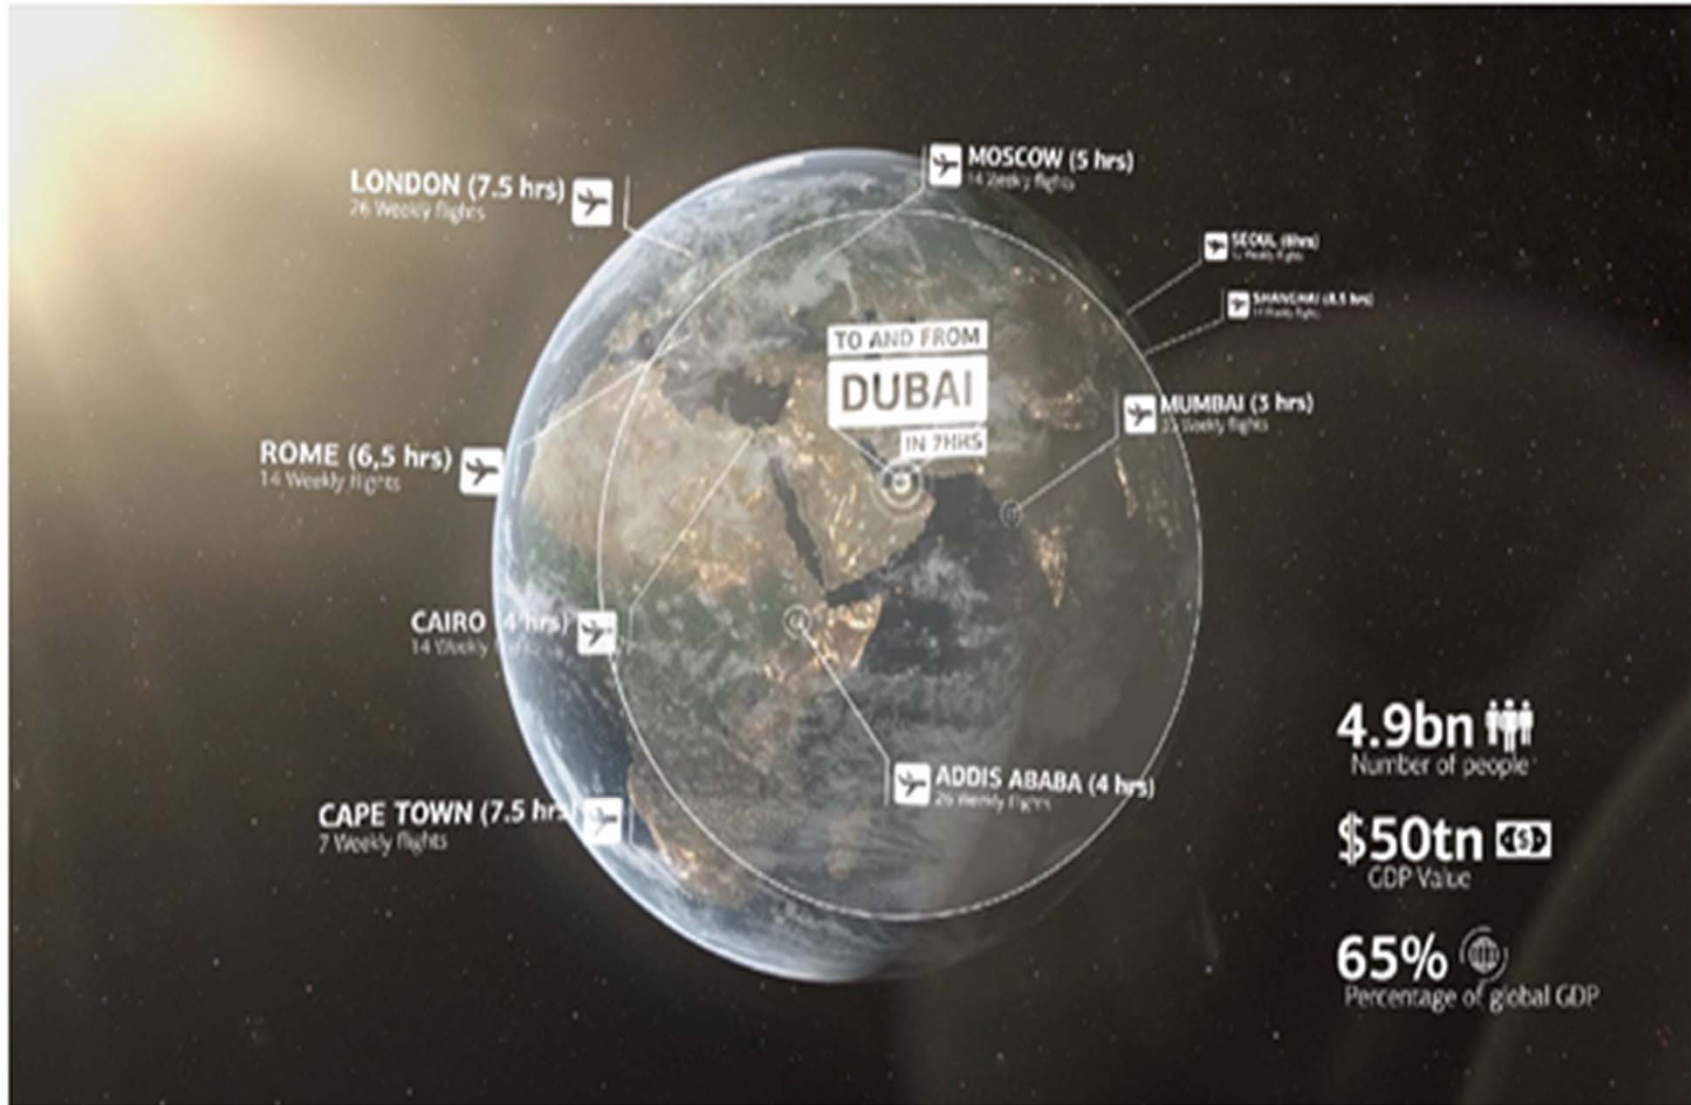

- by growing, and empowering, the world's most innovative and interconnected Free Trade Zones,
- By being the indispensable partner and preferred destination for progressive businesses and their employees for doing business in Dubai and through Dubai.

This is done by creating an environment for businesses to flourish, providing physical, financial and digital infrastructure as well as regulatory frameworks, services, and expertise needed to **build a marketplace for success**

170 countries representatives doing business in Dubai or through Dubai.

Recent introduction of VAT and Centralised KYC checks, helps regulator, financier to take an informed decision prior to taking a disbursement call.

Our Understanding of UAE market – The Business Hub to the World

Accessible to 65% of world economy within 3-7 hours

Advantages of choosing Dubai

The geographical location of the state

Dubai is located in the heart of the crossroads of the trade routes of East and West, Europe and Asia. It helps to organize effectively an international trade flow with the minimal costs.

The Rapid Pace of Development

Emirate's government, which is continuously working to improve commercial transparency and introduce dynamic regulations, encouraging the formation of small and medium enterprises (SMEs)

Free Trade Zone

The main distinctive features of the free trade zones of Dubai are:

1. The availability of the entire required infrastructure – land, premises, roads, connections and etc.
2. Clear rights of the foreign business owners.
3. Possibility of the 100% foreign participation in the share capital of the company and no need of involving the local citizen as a mandatory participant of the company;
4. Full exemption from the corporate and other tax payments and fees;
5. Opportunities for the repatriation of the invested capital and gained profits;
6. Total absence of the customs duties and fees.

DUBAI – Business in Mainland or in Free Trade Zone

The first thing the Foreign Companies that they need to do when starting their business is to determine whether they want to register a mainland/non free zone company that is able to operate anywhere in Dubai and other emirates, or if they want to register their company in one of the free zones instead.

The **free zones** are the most likely area in which to start a business, as they can offer quite a few advantages for international companies. In fact, the creation of the free zones was meant to be something that would attract foreign companies.

It is crucial to keep in mind that the **mainland company** formation laws require you to have a local partner to have 51% of the equity with a few exceptions like:

- Activities with 100% GCC ownership
- Businesses located in the Free Zones
- GCC company formed in partnership with UAE citizen-instances where GCC companies (wholly owned) enter into a partnership with UAE national
- Where the law requires 100% local ownership
